"ALMOST CHOKED LAST NIGHT
with gas around my heart. Couldn't breathe," many people say.

No such choking or anxiety if you will take Baalman's Gas Tablets, which are prepared especially for stomach gas and particularly for all the bad effects from gas pressure against your most vital organ—your heart.

That empty, gone and gnawing feeling at the pit of your stomach will disappear; that anxious, nervous feeling, with heart palpitation, will vanish, and you will once more be able to take a deep breath, so often prevented by gas pressing against your heart and lungs.

These unique tablets are sold by **E. T. Whitehead Drug Store** sure to insist upon the genuine Baalman's Gas Tablets in the yellow package, price one dollar. J. Baalman, Chemist, San Francisco. Adv.

WORTHY COLORED MAN SUBSCRIBES TO THE COMMONWEALTH THIRTY YEARS

Fletcher Wiggins, a worthy colored man living near Tillery, came into the office of The Commonwealth this morning to settle his subscription account, and stated that he has subscribed to this paper for thirty years without ceasing, and that he has always looked forward to getting his paper with a good deal of interest; that he never retires until he has read his home paper, including all the advertisements. He stated that he has purchased many an article advertised in The Commonwealth that he never would have bought had he not seen the advertisement.

"Uncle" Fletcher is only one of several good colored men who take this paper and do not care to miss a single copy.

While the subscription list is made up of white people for the most part, the colored subscribers on the list are among the very best of that race in the State, and their co-operation in the enterprise and progress of the community by subscribing to and reading their community daily is worthy of commendation.

"Uncle" Fletcher stated in the course of his conversation that The Commonwealth is better now than ever before and "Please don't let it stop."

FORMER CITIZEN OF HALIFAX FAX ATTAINED HIGH DISTINCTION

James Grant, first President of the Rock Island, came to Scott County, Iowa, for the sake of his health and settled in Blue Grass township about 1838. He had already been admitted to the bar and tiring of the farm, his ambition compelled him to resume the practice of his profession.

He was born in Halifax county, North Carolina, on the 12th of December, 1812. He entered college at the age of fourteen and graduated at eighteen. He then taught school in Raleigh three years, and in 1843 opened a law office in Chicago. Soon thereafter he was appointed prosecuting attorney to the sixth district and in 1838 removed to Davenport, settling on a farm near the village. In 1841, he was chosen to represent Scott county in the legislative assembly—Story of Rock Island's Seventieth Anniversary.

BIG SHIPMENT OF FORD PARTS

The Scotland Neck Motor Company received yesterday a quarter of a car load of genuine Ford Parts. This is the largest single shipment of Ford car parts, direct from Ford's plant, ever landed in Scotland Neck, and it would seem that a Ford owner could get anything needed for that practical car from this enterprising, up-to-the-minute automobile concern. Scotland Neck can well afford to be proud of such a progressive establishment.

SPECIAL MUSICAL SERVICE AT BAPTIST CHURCH

Sunday night at 7:30 a special Christmas musical service will be rendered at the Baptist Church to which the public is cordially invited.

An attractive program has been arranged for the choir assisted by special musical artists. It is probably the most comprehensive program which has ever been attempted locally.
